

# Do you suffer from bladder pain?

**Are you or someone you know:**

- \*Female and 18 years or older**
- \*Suffering from chronic bladder pain**
- \*Experiencing high frequency urination**

Physicians at Tri Valley Urology are looking for volunteers for a clinical research study assessing an investigational product for bladder pain as a result of Interstitial Cystitis (IC).

Qualified participants may receive study related care at no cost. Compensation may also be provided.

Medical insurance or referral is not required.

All other major medical conditions must be stable to qualify.
